NOTICE OF SERVICE INTERRUPTION WATERMAIN SHUTDOWN – TIE IN WEDNESDAY MAY 5, 2021 9:00 a.m. – 4:00 p.m.

May 3, 2021

Dear Resident

Re: SR162 Watermain Replacement Project

Dear Resident,

The District will be shutting down the watermain on SR162 in order to complete the tie-in and construction project taking place in SR162. The shutdown will impact approximately 16 homes and the all residences in the Nobile Firs Estates.

Your home is one of the homes impacted by this shutdown and you will NOT have access to water during the shutdown period (May 5th 9:00 a.m. – 4:00 p.m.), please prepare accordingly.

If you have concerns or issues regarding this shutdown, please contact me or Brian Thompson immediately at 253-841-9698. If the concern is outside of normal business hours (Monday thru Friday, 8-4:30), please call the same number and our after-hours answering service will contact our emergency on-call field technician.

Thank you

Sean Vance
General Manager
Valley Water District
